Writing Sample

The goal of Bethany University is to provide excellence in education to prepare people for service and leadership with singular commitment to the values, principles and purposes as expressed in the mission of the University. In light of this, the Bethany University educational experience will integrate principles from a Christian worldview into the core of curricula offered through its APPL and eBethany programs.

Due to the writing required by students enrolled in the program, your application must include a writing sample to assess your preparedness for program entry. The essay is a supplement to test scores (ACT, SATI), but may also be used as a primary instrument to evaluate academic preparedness. Please compose a two-page essay (typed, double spaced) on the following subject:

Describe how you relate your life goals and vocational interests to the mission of Bethany University and what is motivating you to complete your undergraduate education at Bethany.

Please submit your completed essay with your Application for Admission.
